

Soul Plan Testimonials

“The Soul Plan reading with Adam was a session that marked a definite before and after in my life. The information and guidance Adam brought forth into my awareness spoke to the deepest parts of me in ways I didn’t think possible. Adam was wise enough to tell me to record the session on my phone and I am so glad I did. I frequently refer back to the recorded session and take away something new every time. I am deeply grateful Adam and mines paths crossed, he is a tremendously gifted healer.” - Demetria

“I was interested in the Soul Plan reading, but also quite skeptical; after all, it’s just my name. But after 2 hours, my skepticism disappeared – you explained me better than I can! The reading gave me a lot of confidence and strength to move forward, to believe in myself, and to take the right path. Thank you so much!” - Verena

“I consulted with Adam both for my own Soul Plan and for the Soul Plan of my unborn child when I was pregnant. His reading was spot on and navigating the system of Soul Plan has helped me to gain a greater understanding of my role, my life’s goals and how to overcome numerous challenges. His readings are empowering and accurate. I highly recommend using this system and having a reading done by Adam if you are looking for increased clarity in your emotional, spiritual and physical life. Adam’s delivery is gentle and supportive. The Soul Plan reading he did is something I return to periodically whenever I am seeking a deeper insight into my life circumstances. Thank you, Adam!” - Elisa

“Adam is a kind, loving and very intelligent person that helped me and supported me in a lot of ways with my work and myself. I had my Soul Plan experience with Adam last year and I did not really know beforehand what it would reveal for me. The session itself was in a lot of ways a lot of information but in a lot of ways also very beautiful to hear about my Soul Plan and what it is for me to be worked on on my path. It’s been a guidance and in many ways an approval for me to trust and stay on my path. I would recommend everyone to record it because it is something to be looked at and listened to all your life.

The Soul Plan reading is amazing for you as a guidance on your goals and where you want to put your energy in life. The reading helped, inspired and reminded me and is something that I can always use as a tool to come back to. Thank you with all my heart

for showing me that I am able to do all of which I am doing right now and to give me a idea of the direction of what my mission is in life. Namaste.” - Julia

The reading did not only confirm some of my strengths and weaknesses with a surprising accuracy – it also revealed some of my talents I didn't know about and even showed me how I can access these talents: by pointing out which challenges I must overcome and how I can overcome them. What a genius system!
