

Infinite Love Healing Level One Course

Are you ready to take your life path and sense of fulfillment, peace, joy, and Love in your life to a whole new level?

For those of us on a path of personal and spiritual development, the vast majority of the problems we encounter that keep us from our most fulfilling and joyful life arise from three broad things: 1.) Having a limiting framework of how we perceive our lives and the situations that arise that disempowers or limits us in some way or 2.) a disconnect or incongruency between the conscious and subconscious, and 3.) Having traumas in the subconscious that lock in number 1 and 2 above. Infinite Love Healing is a very unique and powerful Divine subconscious energy healing system that directly addresses all of these issues in a way unlike any other healing system out there that I know. It incorporates a very powerful and unique breathwork combined with a clearing statement that harnesses both Divine energy and direct subconscious communication to train the mind how to auto-correct its own limitations with unprecedented efficiency and effectiveness in a way that bypasses conscious resistance and enacts powerful, profound, and lasting change in the depths of the mind. The effect is akin to advanced hypnosis for healing without needing a pendulum or somebody else to hypnotize you. It is the most powerful clearing statement in the world in English that exists today.

In an absolutely awesome and jam-packed class one day 8 hour class, the Level One provides the cream of the cream of the crop of the best tools for integrating the subconscious and conscious minds into a unified team based on your intentions and forms the foundation for all the other levels of Infinite Love Healing.

Students of Level One will:

- ❖ Learn how to self-heal (with the help of the Divine) and effectively remove deep seated and severe trauma completely and fully often "as if it has never happened"....
 - Healing from PTSD using the system when nothing else works is not uncommon (I was healed of PTSD using Infinite Love Healing after nothing else could completely do it with thousands of hours of work, dozens of private sessions with healers, Shamans, etc.)
- ❖ Learn The Jedi Breathing Sequence, a uniquely powerful breathwork sequence to harmonize mind, body, and soul and greatly expand your pranic energy (Chi) over time, coupled with Divine subconscious communication to make daily transformation and alignment easy
- ❖ Transmute and change long-time held limiting and fear-based subconscious beliefs that hold them back from reaching their most fulfilling, joyful, peaceful, loving, and purposeful life
- ❖ Learn and be attuned to the most powerful clearing statement in the world in English today, a combination of the power of prayer (working with the Divine) with deep subconscious communication (letting the subconscious heal itself) to enact profound and lasting changes
- ❖ Receive multiple energetic downloads and upgrades to rewire the mind to attune to and bring in more Light, Love, and attune to a consciousness of abundance
- ❖ Learn and practice the two transformative fundamental daily practices of Infinite Love Healing to clear limitations and align with your life, day-by-day, progressively in alignment with your highest potential
- ❖ Learn a short harmonization technique that is the most powerful technique I know to quickly align your energy and cut through negativity when you are out of balance in a matter of 3-5 minutes...
- ❖ Receive a content rich, no fluff 46 page course manual detailing many of the teachings of the class to assist in the integration of the tools and healing you will receive in the class

- ❖ Have lifetime access to the private FB group for Level One graduates which has monthly group meditations/healings and is a chance to share, learn, connect, and grow with others using Infinite Love Healing in your life
- ❖ Learn and attune yourself to The Nine Master Beliefs- an unprecedented set of beliefs that work synergistically and cooperatively together to help the subconscious train itself in attuning to complete love and trust loops (as opposed to fear loops)...Mastering these beliefs is the key to staying in alignment in your daily life with the moment (i.e. Now) and living life progressively in a flow state...If you like The Four or Five Agreements, you will love these as it goes a step further by forming a complete trust/love loop in the mind...

Infinite Love Healing is a spiritual healing system, but not religious. If you believe in a benevolent higher power of some sort, that is really the only prerequisite for Infinite Love Healing to resonate with you. There are three catalytic levels of Infinite Love Healing and if you already do energy healing such as Reiki or Theta Healing, this is the next step in being able to enact major changes in the mind that last more quickly – and at more profound levels. If you are new to energy healing and subconscious work, this course is the perfect starting point, as you'll be starting your journey learning the most powerful system and techniques I know of for rapid transformation in the everyday mind.

"My experience with the Level 3 course with Adam V Trope exceeded all expectations and changed my life completely. I was in pain and in a very sad mindset due to a breakup before the training and now I feel joyful, happy and completely in bliss with my life.

I learned more about myself and energy healing than I could ever imagine and I feel I received an amount of wisdom and knowledge in these 5 days that goes beyond what I would have imagined to feel and know.

From private sessions and one-day workshops:

"I experienced [from the session] a complete lifting of weight, a lightness..... thankfulness, excitement, joy..... I'm not sure I remember ever feeling this way.... at least not in the last 15 years, since all the serious life traumas began and continued one after another." - Kathy

""The caterpillar sheds his skin to find the butterfly within" ... "Lovers don't finally meet somewhere...they're in each other all along..."

"I wanted to describe in detail what I experienced in the sessions, but those quotes really capture it better...Not only is Love a state of being to exist in, but it constantly gets deeper until nothing else exists but Love. The clearing statements and the unplugging experiences were completely humbling and inspiring at the same time. They showed me how to be more trusting and receptive to Love rather than fearful. Your sessions let me experience how great love is...at a level that I never knew existed...but as soon as I was experiencing the love it felt familiar, like returning to it...Your sessions were just so *intensely* impactful and healing for this. Thank you with all my heart." - Jyotica

"I am still in shock how deep this was. I highly recommend you give yourself the gift of attending the Infinite Love Healing workshop. Whether you attend one time or many, if your heart is open to bringing more love to yourself and the world, Adam has so much to offer in the most gentle and generous way possible. I am so grateful that I experienced this." - Moira

"Two years I had these traumas [of her Mom dying and friend getting murdered]...Two years, and I was grieving and meditating and doing so much to cope...and now after our session it feels like it never happened. I am able to accept it and move on and honor my Mom and friend's lives and am so grateful. Amazing." - Divya

"Tuve una experiencia profunda de alineación de la divinidad con mi ser interno, conexión con la fuerza cosmica divina y la fuerza de cura universal, y contacto y alineación entre el subconsciente y el ser. Muchisimas gracias." - Kassem

"Una de las sesiones que recibí exactamente, es la verdad que recuerdo con una intensidad... enorme fue la primera...el estado en que entraba muy pronto, era muy profundo..lo que haces es muy recomendable." - Deva Prasad

“Super crazy I was going to text you tonight and say THANK YOU. The moment I got back to my room I felt completely free and every ounce of pain in my heart was gone.
